the conflict between our world and their world, a place she calls Calalini. Some of these hallucinations, like "24 Hours," are friendly and some, like "400 the Cat" and "Wednesday the Rat," bite and scratch her until she does what they want. They often tell her to scream at strangers, jump out of buildings, and attack her baby brother. At six years old, January Schofield, "Janni," to her family, was diagnosed with schizophrenia, one of the worst mental illnesses known to man. What's more, schizophrenia is 20 to 30 times more severe in children than in adults and in January's case, doctors say, she is hallucinating 95 percent of the time that she is awake. Potent psychiatric drugs that would level most adults barely faze her. A New York Times bestseller, January First captures Michael and his family's remarkable story in a narrative that forges new territory within books about mental

illness. In the beginning, readers see Janni's incredible early potential: her brilliance, and savant-like ability to learn extremely abstract concepts. Next, they witnesses early warning signs that something is not right, Michael's attempts to rationalize what's happening, and his descent alongside his daughter into the abyss of schizophrenia. Their battle has included a two-year search for answers, countless medications and hospitalizations, allegations of abuse, despair that almost broke their family apart and, finally, victories against the illness and a new faith that they can create a life for Janni filled with moments of happiness. A compelling, unsparing and passionate account, January First vividly details Schofield's commitment to bring his daughter back from the edge of insanity. It is a father's soul-baring memoir of the daily struggles and

Winner of the Newbery Medal and the National Book Award! This #1 New York Times bestselling, modern classic in which boys are forced to dig holes day in and day out is now available with a splashy new look. Stanley Yelnats is under a curse. A curse that began with his no-good-dirty-rotten-pig-stealing-great-great-grandfather and has since followed generations of Yelnatses. Now Stanley has been unjustly sent to a boys' detention center, Camp Green Lake, where the boys build character by spending all day, every day digging holes exactly five feet wide and five feet deep. There is no lake at Camp Green Lake. But there are an awful lot of holes. It doesn't take long for Stanley to realize there's more than character

school. He's never had a birthday party, or gone to a friend's house for an overnight. In fact, Luke has never had a friend. Luke is one of the shadow children, a third child forbidden by the Population Police. He's lived his entire life in hiding, and now, with a new housing development replacing the woods next to his family's farm, he is no longer even allowed to go outside. Then, one day Luke sees a girl's face in the window of a house where he knows two other children already live. Finally, he's met a shadow child like himself. Jen is willing to risk everything to come out of the shadows—does Luke dare to become involved in her dangerous plan? Can he afford not to?
